

THE FINAL WEEK

Writing papers

THE WIKI

- Today I plan to post on the wiki.
- This post will include my abstract, component info, controller info, wire diagrams, and more.
- Hopefully, all the information I post is enough for a quality wiki page.

FINAL REPORT

- After I post on the wiki I plan to begin writing my final report.
- I am aiming to get it done by tomorrow.

AFTER MY REPORT

- I plan to continue my research/work on making better programs for the circuit on the adriuno.
